Second Annual Meeting and Technology Showcase - September 2017 | Utah State University Power Electronics Lab

dmcgarrry

08/31/2017

The second annual SELECT meeting and technology showcase will be held on September 26-27, 2017. The meeting will bring together industry partners, university members, and government attendees from around the country to collaborate, network and ideate the future of electrified transportation. The annual meeting will be held at the Utah State University Eccles Conference Center and technology showcase will be held at Electric Vehicle and Roadway (EVR) testing center.
