College Welcomes Newest Engineering Faculty | College of Engineering

Matt Jensen

08/25/2017

Aug. 25, 2017 — The College of Engineering at Utah State University is excited to welcome 11 new faculty members. The group of incoming engineers and engineering educators includes seven new assistant professors, two lecturers, an assistant research professor and one assistant professor of practice.

This diverse group of professionals brings world-class experience from a range of disciplines including data science, computational fluid dynamics, artificial intelligence, transportation engineering, hydrology, cyber-physical systems and water resources engineering.
