Oct. 4, 2017 – Interim College of Engineering Dean Dr. Jagath Kaluarachchi and department heads from across the College of Engineering on Tuesday recognized 28 students for receiving the prestigious A-Pin award.

The A-Pin is one of the oldest awards at Utah State University. Initiated in 1910, it acknowledges and rewards students who achieve a straight-A grade point average while carrying 15 graded credit hours for two consecutive semesters.

The pin itself features the primary icon of Utah State University's Old Main Tower and includes the phrase "USU Scholarship," denoting the highest marks in scholarly achievement.

The students were treated to a catered luncheon with the dean and department heads. Visit the A-Pin page to see additional award years.
